

Why is it imperative for working professionals to pursue MBA from an Institute of Repute?

In today's competitive job scenario, constant upskilling has become a need of the hour. It is imperative for working professionals to indulge themselves into learning programs to ensure a promising career and stay updated in terms of latest skills and techniques meeting the state of the art industry requirements. Executive MBA plays a vital role in this scenario, as it makes learning feasible for professionals who have time and travel constraints. It is nearly impossible for a working professional to visit the campus and learn; hence blended mode of learning plays an important role here.

Executive Post Graduate Programme in Management (ePGP) with IIM Raipur offers a blend of various general management theories, soft skills and analytical methods with real world business scenario cases, enabling professionals to learn & grow under the mentorship of the eminent faculty members collectively having vast industry experience. The Institute believes in preparing ethical leaders who are not only committed to business, commerce and industry but are also socially conscious towards their contributions in nation building and bring in name for the country globally.

We at Nulearn have strong alumni network, which allows participants to connect with our rich Alumni Network and join the constructive social space for like-minded and qualified professionals. IIM Raipur follows a continuous evaluation process wherein the participant will be evaluated on the basis of mid-term & end-term examinations, quizzes, assignments & class participation, making this course one of the top online MBA programs of 2020. Given the current market scenario, remote working is the future & has surely put a lot of pressure on both employees and the organizations. The course is specifically designed in blended mode, allowing the participants to upgrade from the comfort of your space. The program offers a safe learning experience, as the classes are broadcast directly to your device, which is

the safest way to learn at the time of Covid-19 Outbreak. You can learn & upgrade from anywhere in the world, there is no need to travel to study centers from India's leading faculties.

The program is designed extensively, focusing majorly on the functional areas to meet specific career goals of the participants.
