“All our drivers under **Zurich chauffeur service** meet and greet the passengers at the location with a mask on their face. Plus, they bow to avoid physical interaction and sanitize vehicles before & after every ride. You can be assured of a safe arrival to your destination.”

Each ride can be customized as per the preference of the passengers such as the type of vehicle, budget, group members and chauffeur interactions, etc. However, if for some reason, your flight gets delayed, the company offers a free waiting time of 60-minutes at the airport, while 15-minutes for other destinations.

“Travelers often present a doubt about the on-time arrival of their drivers to pick them up, especially if there are slight changes in their flight timings. But with our [Flughafen transfer Zurich](#) services, not anymore.”
